Summer Examinations 2016

SLS300616N

Module Title Ethical, Legal and Social Issues in Health
Level Six
Time Allowed Two hours

Instructions to students:
• Enter your student number not your name on all answer books.
• Answer two questions.
• Spend one hour on each question.
• Both questions are equally weighted.
• Begin each question in a separate answer book; label each answer book clearly with the number of the question you are answering.

No. of Pages 2
No. of Questions 4
Answer two of the following questions:

**Question 1**

**Question 2**

Discuss the difference between the research subject before the emergence of bioethics and the research subject after the emergence of bioethics. Your answer must refer to the article: Reubi, D. (2012). ‘The human capacity to reflect and decide: Bioethics and the reconfiguration of the research subject in the British biomedical sciences.’ *Social Studies of Science.* 42(3): 348-368.

**Question 3**

**Question 4**

Describe how stem cell research is governed in the UK and discuss whether the regulation of embryonic stem cell science in the UK is too restrictive or too permissive. Your answer must refer to the article: Hauskeler, C. (2004). How traditions of ethical reasoning and institutional processes shape stem cell research in Britain. *Journal of Medicine and Philosophy.* 29(5): 509-532.
