Examination Period 3: 2016/17

PSY302117NB

Module Title: Motivation and Emotion
Level: Six
Time Allowed: Two hours

Instructions to students:

- Enter your student number not your name on all answer books.
- Choose two topics from Section A and one essay title from Section B.
- Allocate one hour to Section A and one hour to Section B.
- Section A carries 50% of the overall marks.
  Section B carries 50% of the overall marks.
- The same material should not constitute a substantial part of more than one question.
- Begin each answer in a separate answer book; label each answer book clearly with the number of the question you are answering.
- Neither books nor notes may be taken into the examination.
- Students are not permitted to remove this examination paper from the examination room. For all purposes the examination paper remains the property of The University of Northampton.

Section A

Choose **two topics** from the **six topics** listed below. Write an account for each topic under the following four headings:

**Meaning**: Define and describe the topic.

**Outstanding Workers**: Who are the prominent and key workers associated with this area?

**Contributions and Limitations**: In what ways has the research associated with this topic been useful?

**Future**: What do you consider the future research directions should be in this area and why?

**Topics**:

1. Self-control
2. Self-efficacy
3. Wanting versus liking
4. Physical and psychological pain
5. Intrinsic Motivation
6. Virtues

End of Section A
Section B continues overleaf
Section B

Choose one essay from the following five titles:

7. Goals can have a significant motivating potential. Discuss.

8. What are some typical sex differences in sexual desire and how might they be explained?

9. What is hardiness and why should we study it?

10. Human actions can be determined by a variety of forces. What do you understand by this statement?

11. Self-control is critical to wellbeing. Discuss.
