Examination Period 3: 2016/17

SLS100517N

Module Title Health and Society
Level Four
Time Allowed Three hours

Instructions to students:

• Enter your student number not your name on all answer books.
• Answer two out of five questions.
• All questions are equally weighted.
• Begin each question in a separate answer book; label each answer book clearly with the number of the question you are answering.
• Neither books nor notes may be taken into the examination.

| No. of Pages | 2 |
| No. of Questions | 5 |
Answer **two** of the following questions:

1. Consider how the concept of belonging can have an impact on health and wellbeing.

2. Discuss the role of societies in the stigmatisation of physical and mental health.

3. “Culture can be causal, contributory, or protective in relation to ill health” (Dixon, Banwell & Ulijaszek, 2013, p. 2). Discuss.

4. John Snow is often considered to be one of the founders of epidemiology. Discuss how recent epidemics in western societies have changed since the 1854 Broad Street cholera epidemic.

5. Consider how physical spaces effect our health and wellbeing.
