Examination Period 3: 2017/18

SLS200318N

Module Title Nutritional Perspectives of Health and Disease
Level Five
Time Allowed Two hours

Instructions to students:
- Enter your student number not your name on all answer books.
- Answer two questions: one from Section A and one from Section B.
- All questions are equally weighted.
- Begin each question in a separate answer book; label each answer book clearly with the number of the question you are answering.
- The use of electronic devices is not permitted.

No. of Pages 3
No. of Questions 4
Section A

Answer **one** out of **two** questions.

**Question 1**

Essential Fatty Acids play many important roles and pose a significant challenge within the modern diet.

Explain how competition between Essential Fatty Acids can result in increased inflammation and chronic disease.

**Question 2**

Explain how masking of a B12 deficiency could come about and what the concerns are regarding plans for fortification of the food supply to prevent neural tube defects. Include a diagram.
Section B

Answer one out of two questions.

Question 3
Discuss Cardiovascular Disease from a nutritional perspective.

Question 4
Discuss Growth from a nutritional perspective.
